LIGHTBAR

Extremely bright, high quality and durable, the TORRENT & LEGION lightbars are perfect for emergency service vehicles of all kinds that provide unbeatable visibility and safety.

The first and only patented Dual Color LED technology turns a red/blue warning lightbar to an amber traffic arrow within the same lightheads.

LEGION *LED Lightbar Series*

FEATURES

- ECE R65 & SAE approved lightbar.
- Innovative D-Fuser and Reflector optics for extreme brightness and superior 360 degree light spread.
- Easy to remove domes for easy maintenance.

What is this?

The Dual Color LED is the first in the industry to provide patented multi-color warning; capable of displaying 2 colors in each diode. So instead of installing different color light heads for various applications, the user now can satisfy his/her needs by using the Dual Color technology.

WORK LAMP

Powder coat die-cast aluminum provides superior corrosion protection and effective heat sink for reliable performance; works well in heavy-duty usage and harsh environments. Multi-Voltage input suitable for all vehicles and applications. Provides long service life and low power consumption.
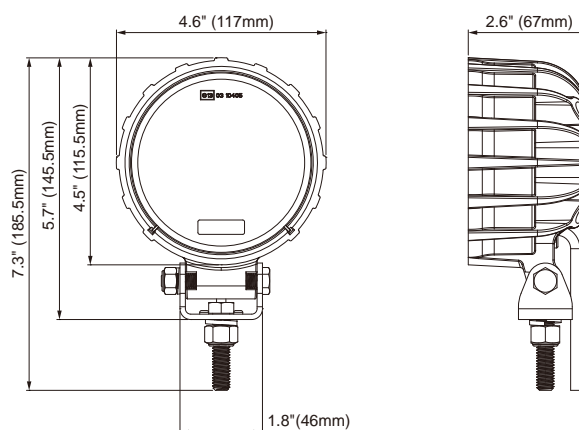

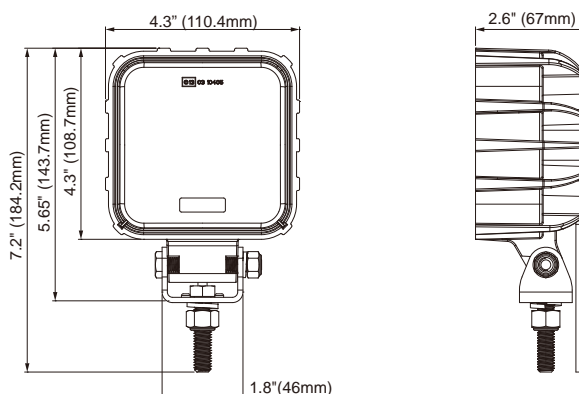

LED WORK LAMP *Series*

FEATURES

- Heavy-Duty Powder Coated Die Cast Aluminum.
- Weatherproof and Vibration resistant.
- LEDs rated to 50,000 hours of operation.
- Reverse Polarity Protection.
- Waterproof connector.
- Multi-Voltage Input 11~70VDC for worldwide use.
